## An Enchanting Experience for Families with Kids

The Unicorn Fairytale Festival hosted by Unicorn Bazaar KL attracted many families with kids to shop, experience and chill with local vendors selling a feast of delights from fresh pound cake and delicious cookies to pastries, lemonade, chai tea, and irresistible cupcakes at Level G, The School!

Visitors were also able to get their hands on engaging Kids' Workshops featuring unicorn coloring, face painting, and arts and crafts. Kids were also excited to check out gift treasures including handmade beaded charms, hair gears, and polymer clay accessories made by talented kidpreneurs.
